

## NOTIFICATION OF OBSERVATIONAL STUDY PARTICIPATION \*

**Unit Responsible** \_\_\_\_\_

**Unit** \_\_\_\_\_

**Ward** \_\_\_\_\_

### Observational Study Title

Euphas 2

### Study

Multicentric, Retrospective, Web-database Collection of patients affected by severe sepsis or septic shock recovered in an ICU or other ward and who have received Polymyxin B hemoperfusion.

### Scientific Steering Committee

- Prof. Massimo Antonelli – Università Cattolica del Sacro Cuore-Policlinico Gemelli-Roma
- Prof. Claudio Ronco – Azienda Ospedaliera S.Bortolo - Vicenza
- Prof. Marco Ranieri – Azienda Ospedaliera Universitaria S.Giovanni Battista - Torino
- Dr. Sergio Vesconi – Azienda Ospedaliera Cà Granda Niguarda- Milano

### Participating Centers

Attached is a current list of all participating centers, which is also available on the study website [www.euphas2.eu](http://www.euphas2.eu)

### Study Protocol

Attached is the study protocol, which is also available on the study website [www.euphas2.eu](http://www.euphas2.eu)

### Case Report Form

Attached is the Case Report Form (CRF), used to collect patient data, which is also available on the study website [www.euphas2.eu](http://www.euphas2.eu)

### Data Ownership

Each center will retain ownership of their data; each operator can download their personal data from the web-database at any time. Each year the scientific steering committee will analyze all data inserted by all involved sites and will present these current results to all participants.
